Borah

FAQ'S

Who is Borah Teamwear?

We make premium custom cycling apparel right here in Wisconsin, with free professional design services and team ordering programs that make life easy for coaches, riders, and parents. We'll help your team look professional, build team pride, and get race-ready gear backed by a fit guarantee and lifetime workmanship warranty.

How do I get started?

Please send your design ideas and artwork to info@borahteamwear.com. Your friendly Account Manager will be in touch shortly.

How many pieces do we need to order?

A 5-piece minimum per style is required. For example, if you order a jersey, bib short, and hoodie, you'll need at least five of each. Men's and women's sizes of the same product can be combined to meet the minimum.

How does my team place their orders?

Once your design is approved, we'll create a digital storefront and provides a link to your team organizer. Share the link via email and social media, and send reminders during the ordering window.

When will my order ship?

Orders typically ship within four weeks of the store's closing date. Timing may vary based on production capacity, and your Account Manager will keep you updated.

What happens if my apparel doesn't fit?

If you follow our size chart and aren't satisfied with the fit, we'll exchange it for a new size. Submit a claim on our website to get started.
